

A MAP
OF
THE EXTRATROPICAL PART
OF
SOUTHERN AFRICA,
Constructed by
WILLIAM J. BURCHELL, ESQ^R

In which his own tracks are laid down entirely from the geographical & astronomical observations made during these TRAVELS, & the remaining parts accommodated to it, & formed mostly of new materials, combined with those selected from various documents & wholly rearranged.

SCALES

Engraved by S. B. Ball, Bay St. Hill.

EXPLANATION OF THE SIGNS AND ABBREVIATIONS

- Cape. The name within brackets is such as is not in use with the Inhabitants but one to be found in various Charts.
- River. In parentheses are other Translations, different spellings, or remarks.
- Lake. At the upper part of a River denotes that the source upwards was unknown.
- Mountain. In the lower part of a River denotes that the source downwards was unknown.
- Station. This mark standing against a name indicates a place of which spot being held down in the first place.
- Fort. In small Roman Letters, the name of Place.
- Village. In small Italics, the name of the Station or Inhabitant of that Spot.
- Road. In double-lined Roman Capitals, the name of Station or Tribe.
- Boundary. This mark is placed over each route, or compass as how the route was made according to the publication of the Station.

INTERPRETATION OF DUTCH WORDS

- Cape. A place or point of land, or a point in the Coast.
- River. A body of water, or a stream, or a river.
